EXPERIENCE

IGEN Edutronics, Pathankot — *Web Development*

Jan 2021 - May 2021

In 5 months of Training , I learned about Web development with python & Django And Created a project named" E-commerce Platform for Rural Stuff".

IGEN Edutronics, Pathankot — *Python Developer*

May 2019- June 2019

In 2 months of training I learned about Python, tkinter and MySql then I made a project named "Hospital Management System"

EDUCATION

IIITDM Kancheepuram, Chennai — *M Tech CSE*

July 2022 - May 2024 CGPA-7.89

Specialization in AI & Data Science

BCET Gurdasour , Punjab — *Btech-CSE*

July 2017 - June 2021, CGPA-8.0

PROJECTS

Glaucoma Detection by Deep learning - Dec 2022

Implemented CNN Model for finding CDR ratio for Glaucoma Detection..

Early sepsis detection- Sep 2020

Scored third position by implementing a hybrid neural network structure consisting of both time series and dense clusters and a Django based Web app.

SKILLS

C, C++, Python, Django, Machine Learning, Deep learning, Computer Vision Numpy, Pandas, HTML, CSS

COURSES

- **Deep Learning A-Ztm : Hands - On Artificial Neural Networks**
- **Mastering Data structures & Algorithms using C and C++**
- **Machine Learning**

CERTIFICATES

- **Problem Solving (Basic) Certificate**
- **PYTHON (Basic) Certificate**

AWARDS

- **Smart India Hackathon Issued by MHRD** Aug 2020 Secured 3rd Position in SIH 🇮🇳 2020
- **E-Yantra National Robotics competition,Issued by IIT Bombay** Mar 2020 Participation Certificate

VOLUNTEER EXPERIENCE

President at **NSS** BCET Gurdaspur Jan 2020 -feb 2021

LANGUAGES

Hindi, English, Punjabi
